

KAWTHAR ALI ALKHAWAJAH

Software Engineering Student | Front-End Developer | UI/UX Designer

Al Ahsa, Saudi Arabia • +966 55 949 4755 • kawtharkhawaja1@gmail.com • github.com/kawthar1235

PROFESSIONAL SUMMARY

Software Engineering student at King Fahd University of Petroleum and Minerals (KFUPM) with hands-on experience in front-end development, UI/UX design, and academic software projects. Skilled in building responsive web applications using React, JavaScript, HTML/CSS, Java, and SQL. Passionate about crafting user-centered digital experiences and developing scalable software solutions. Seeking a training opportunity to apply and deepen technical and problem-solving skills in a real-world environment.

TECHNICAL SKILLS

Front-End: HTML, CSS, JavaScript, React

Back-End: Java, SQL, Database Fundamentals

Programming: Python, OOP, Problem Solving, Debugging

Design: Figma, UI/UX Design, Graphic Design, Digital Drawing **Tools:** Git, GitHub, Microsoft Office Suite

EDUCATION

King Fahd University of Petroleum and Minerals (KFUPM)

B.S. in Software Engineering

Dhahran, Saudi Arabia

Expected Graduation: June 2027

Relevant Coursework:

Web Engineering (SWE 363) • Software Project Management (SWE 387) • Object-Oriented Programming (ICS 108)
• Database Systems (ICS 321) • Data Structures & Algorithms (ICS 202)

EXPERIENCE

Part-Time Graphic Designer

2023 – Present

KFUPM — Dhahran, Saudi Arabia

- Designed promotional and communication materials for university departments and student activities, applying modern visual design principles and consistent branding.

- Produced digital content under tight deadlines while balancing full-time academic responsibilities and collaborative team environments.
- Contributed visual assets to student club events and university campaigns, improving outreach and engagement across campus audiences.

TECHNICAL PROJECTS

Glamify – Beauty Booking Platform

Academic Team Project

Full-stack beauty services booking platform built as part of a software engineering course.

- Designed responsive UI/UX wireframes and high-fidelity mockups for customer and service provider flows using Figma.
- Contributed to front-end and back-end feature implementation, including booking management and user profile functionalities.
- Collaborated with a cross-functional development team to translate design requirements into scalable, userfriendly software.
- Presented the project at the KFUPM Computing Expo 2026 as part of a university showcase for student software projects.

Study Buddy – Task Tracker

React | JavaScript

A responsive academic task management web app built with React.

- Built reusable React components with interactive state management to help students organize tasks and deadlines effectively.
- Designed a clean, mobile-friendly interface with a focus on usability and maintainable component architecture.

Personal Portfolio Website

HTML | CSS | JavaScript

Responsive personal portfolio deployed online to showcase technical work and skills.

- Developed and deployed a fully responsive portfolio website featuring structured project showcases and interactive UI sections.
- Practiced design-to-code implementation from scratch, strengthening proficiency in layout, responsiveness, and visual hierarchy.

LEADERSHIP & ACTIVITIES

- Team Supervisor, Visits Club & Girls Computing Club, KFUPM — led a small team in coordinating student activities and club events.
- Co-organized a 3-day cybersecurity awareness workshop at KFUPM, promoting technical literacy and student engagement.
- Participated in a university Arduino introductory course, gaining hands-on experience with hardware and embedded systems fundamentals.

CERTIFICATIONS & COURSES

Elements of AI University of Helsinki & MinnaLearn | 2023 **Digital Skills: Artificial Intelligence** Accenture / FutureLearn | 2023
Community Work Principles (Raed Basic) Alfozan Academy & Saudi Aramco Initiative | 2024

LANGUAGES

Arabic: Native | **English:** Professional Working Proficiency
